

English Test for Beginners (A1)

Level: A1

How the test works

This test checks the grammar and the words of the eleven A1 units of the course. Answer every question, and at the end you see your score. It is free practice, not an official exam.

What it checks: Each question comes from one A1 unit: to be, have got, there is and there are, the present simple, the present continuous, the past simple, and words for numbers, the time, food and clothes.

Pass mark: You need 80% to pass: 8 right answers out of every 10.

Your results: If you do not pass, you get links to the units of your wrong answers. Study those units again, and then take the test again.

No certificate: This test is free practice. It is not an official exam, and you do not get a certificate.
