

Elementary English Test (A2)

Level: A2

How the test works

This test checks the grammar and the words of the nine A2 units of the course. Answer every question, and at the end you see your score. It is free practice with feedback, not an official exam.

What it checks: Each question comes from one A2 unit: daily life, mine and yours, how much, comparing, past stories, plans, experiences, rules and advice, and around town. Some questions use words from the vocabulary pages.

Pass mark: You need 80% to pass: 8 right answers out of every 10.

Your results: At the end, you get links to the units of your wrong answers. Study those units again, and then take the test again.

No certificate: This test is free practice. It is not an official exam, and you do not get a certificate.
