

Present Perfect Continuous Exercises

Level: B1, B2

Name: _____ Date: _____

How the present perfect continuous works

The present perfect continuous (have/has been + -ing) emphasises the duration or ongoing nature of an activity that started in the past and continues to — or has just stopped before — now.

Form: have/has been + verb-ing: I have been waiting, she has been working

Duration up to now: How long...? for, since: We've been living here for ten years.

Recent activity, visible result: You're out of breath — have you been running?

vs perfect simple: continuous highlights the activity/duration; simple highlights the result/quantity:
I've been reading all day vs I've read 200 pages

State verbs: know, like, believe use the perfect simple instead: I have known her for years.
