Good morning, and welcome to the Riverside local news at eight o'clock. I'm Anna Reed, and here are today's three main stories. It is a cool, cloudy morning in Riverside, so take a coat if you are going out.

First, the old stone bridge in the town centre will be closed for two weeks. The mayor said that workers have found cracks in the road. Police told residents that they should use the new road near the station. The repairs will start on Monday, and buses will also be moved. The mayor thanked drivers for being patient. The bridge is one of the oldest in the region, and thousands of people cross it every day.

Next, a small brown dog was found in the park yesterday evening. A woman who was walking there heard it crying under a bench. She took it home and gave it some water. She said that the dog looked tired and hungry. The animal shelter asked if anyone knew the owner. If you have lost a dog, please call the shelter before noon today.

Finally, the weekend market has been moved to the sports centre because of the weather. The woman in charge of the market told us that many stalls had been damaged by last night's storm. She said she wished the rain would stop, but the forecast says it will rain until Sunday. Visitors were asked to bring umbrellas. Stalls selling fruit, bread and flowers will be open as usual.

That is all for now. I'll be back at nine with the weather and traffic news.
